Dear Sir

An intelligent & capable lady, niece of Judge Wagner of Eastern Penna has applied to me, through some friends, to ascertain whether she can obtain a situation in the Mint in Philadelphia.

Before making answer to her until you kindly inform me whether it would be worth while for her to make application, or whether under your rules your appointees are taken from this city only.

I am well aware that you probably have more applications than you can take care of, and that she will have to take her chances with the rest.

Very truly yours,
Henry N. Pane
